

**John Roehll**  
**Executive Vice President**

John Roehll serves as executive vice president and partner for Dallas-based [Dependable Auto Shippers \(DAS\)](#), one of the largest vehicle shipping service providers in the world, serving corporate and retail clients since 1954. Roehll manages the company's corporate business in addition to serving as company spokesperson and managing business development efforts across the company.

Roehll joined DAS in 1993 after leasing the company its first 12 auto transports while he was branch manager at Rollins Truck Leasing (now Penske truck leasing). He represented the [description of account representation] accounts at Rollins Truck Leasing, managing more than [number of accounts or employees]. Previously, he spent five years at UPS, where he most recently served in the role of account manager and helped the company start UPS Truck Leasing (also now Penske) in San Antonio. Prior to beginning his career in auto transportation, Roehll was a geologist for Strata Energy, an oil exploration company in Houston.

Roehll holds a degree in geology from Miami University. He is a member of the Employee Relocation Council (ERC), American Moving and Storage Association (AMSA) and the American Auto Auction Association and frequently speaks at industry conferences.
